

Deconstruction Volunteer

Work Locations

Habitat ReStore EAST
3000 E College Ave.
Appleton WI 54913

Habitat ReStore WEST
5402 Integrity Way.
Appleton WI 54915

Volunteer Impact

- As a face for the Habitat organization, Deconstruction Volunteers provide a positive experience that encourages further donor involvement. The Deconstruction crew helps harvest materials from Businesses to homes and even stores. The Deconstruction crew helps maintain the material/ product flow to the store, provides a revenue stream for The Greater Fox Cities HFH, and offers an alternative to landfill disposal in our community.

Responsibilities

- Advocate for the Habitat ReStore out in the community
- Complete Deconstructions in a safe and efficient manner using various tools
- Understand & complete all safety training
- Willingness to learn basic store policies
- Promote and maintain a safe, clean work environment
- Promote a culture of elevated service

Qualifications

- Strong customer service and communication skills
- Able to work well with a partner
- Ability to lift 50lbs. on a regular basis
- You must be at least 18 years of age
- If you wish to join our Deconstruction crew, please reach out to our Operations Manager or ReStore Volunteer Coordinator

Training

- On the job training with our Operations Manager
- Work with experienced Deconstruction Volunteers
- Train on proper body mechanics while lifting items. As this position can be physically demanding

Reports to

- ReStore Operations Manager, ReStore Managers for tasks, scheduling with the ReStore Volunteer Coordinator

Benefits

- Work in a friendly, supportive environment
- Creating lasting and meaningful relationships
- Learn about building materials
- Help divert usable material from the local landfill
- Support a nonprofit enterprise that supports safe, decent and affordable housing in our community
